FESTIVAL OF TREES OVERVIEW

Festival of Trees Mission

Festival of Trees is a philanthropic celebration benefiting children and families served by MultiCare Mary Bridge Children’s Hospital & Health Network.

Mary Bridge’s Festival of Trees involves a broad range of community supporters including designers, sponsors, donors and volunteers. Hundreds of individuals annually give their time, talents, and resources to make Festival a success. Festival is supported by the Mary Bridge Children’s Foundation including a Festival Event Manager, dedicated Event Coordinators and a Festival of Trees Administrative Council (FOTAC) which is a group of volunteers that agree to act in chair and support positions for the many subcommittees such as Gala, Community Events, and Trees Group. These members oversee their fellow volunteer committees and provide encouragement and support throughout the planning and execution of Festival of Trees.

Altogether, this generous group is the Spirit of Festival!

Festival of Trees Administrative Council (FOTAC)

FOTAC is made up of dedicated volunteers that agree to act in chair positions and support positions for the many subcommittees of Festival such as Gala, Tinsel on the Town, Trees Group, etc. These volunteers are selected/recruited by the current Event Chair in concert with the Festival Event Manager. FOTAC members oversee their fellow volunteer committee members and provide encouragement and support throughout the planning and execution of Festival of Trees. They will work alongside the Festival of Trees Event Manager to produce a uniquely festive fundraising experience for our community.

2024 Mary Bridge Festival of Trees

THEME & COLORS	Theme: “Magic Lives Here” Colors: Colors: Dark blue, dark green, black, crème hints of gold
LOCATION:	University of Puget Sound, Tennis Pavilion

Dec. 5 (Thurs.)	Bridge Builders Luncheon - Event time: 11am-1:30pm	
Dec. 6 (Fri.)	Tinsel on the Town - Event time: 6-11 pm	
Dec. 7 (Sat.)	Gala and Tree Auction - Event time: 6 – 11pm	

MINIATURE TREE AND WREATH OVERVIEW

Mini-Trees and Wreaths Provided to Designers

- Mini-Trees are artificial and available in 36" and 48". Designers are provided white lights.
- Wreaths are artificial and available in 24", 30" and 36" sizes. Designers are provided white lights.

Choosing and Executing a Theme

- Convey a cohesive theme for your mini-tree or wreath. Select decorations, color, concept, and gift items consistent with your theme. **Theme needs to be communicated to the Mini-tree or Wreath Chairperson by August 31.**
- Keep in mind having a broader theme will appeal to more buyers and might allow us to raise more funds.
- Festival reserves the right to deem what is appropriate in theme development and items within your display. To ensure a variety of tree themes, displays, and experiences, applications are accepted on a first come first serve.

Decorations

- Use large and small-scale ornaments to add dimension and visual interest.
- Considering using non-traditional ornaments such as toys, printed art, and found treasures.
- Stick to your theme.

Tobacco, Marijuana, Alcohol and Firearms Policy

- It is the policy of the Festival of Trees to prohibit the promotion and sale of tobacco/marijuana and tobacco/marijuana products. No such product may be included in any theme, display, or design. Festival of Trees is hosted by our community's largest health care provider and benefits Mary Bridge Children's Hospital. As such, Festival has an obligation to promote a healthy lifestyle, particularly for children.
- Firearms are not allowed in the Tacoma Armory and not allowed to be part of your tree display.
- Alcohol may not be the sole focus of a display or theme. Alcohol may be included in tree displays only on the night the tree is scheduled to be auctioned (throughout Festival week.)
- The premise behind the difference in the policy related to alcohol and tobacco is that it is generally accepted that alcohol does not have negative health effects when used in moderation. *The management of the Festival of Trees reserves the right to remove any item(s) deemed contrary to the policy.*

Security

- Do not leave valuables unattended. Small items of great value should not be displayed, except during the silent auction portion of Gala and TOT. Please work with your chairperson in advance
- Small items should not be within reach of the public. You may want to secure them to the tree using fishing line, so the possibility of theft is decreased.

Tree and or wreath theme, name, and photo should be provided to the chairperson mid-October.

- Mini-trees and wreaths will be sold in-person during either Tinsel on the Town or Gala. There will not be any virtual options.

MINIATURE TREE INFORMATION

Decorations

- For visual interest, use both large and small-scale ornaments; non-traditional decorations that fit your theme can add dimension and character.
- Include dynamic decorative stems, when possible, for additional wow-factorability.
- Consider trailing ribbons and fancy bows for aesthetic texture and glitz.
- Of note: densely decorated trees seem to generate more interest than those decorated more sparsely.

Securing Decorations to the Tree

- All decorations (including lights) must be secured to the tree. Needle nose pliers with side cuts can help make it easier and faster to wire efficiently. **Easier on hands are Chenille stems (pipe cleaners) instead of wire.**
- When gluing all ornament hanger attachments, it is not enough to glue the collar alone. Put a dab of glue on the wire loop itself to keep the ornament from pulling away from the hanger.
- A 4" wire is ample to tie the average ornament to a branch using 2 tight twists. As with the lights, we recommend OASIS Bind-wire, available at Washington Floral.

Bases for Mini-Trees

- Trees must be anchored to or secured in a base. Bases must be wide enough for tree stability and safety; containers with narrow bases tend to tip over.
- If using a container, place tree in receptacle and fill with plaster of Paris or any brand of spray-in hardening foam. Be aware that foam products will expand as they harden; do not fill container to the top.
- Glass or ceramic containers tend to break as filler hardens; be careful what base you choose. With fillers, metal or wood may work better than ceramic or glass.
- Some designers choose to glue the tree base to a wooden tray, which works quite well. If that is your choice, gorilla glue is exceptionally strong for this purpose. The tray must have handles for ease of lifting into and out of boxes for transport; flat bases without handles are very difficult to place into or remove from boxes.
- Base possibilities are limited only by your creative imagination. Urns, vases, sleds, sleighs, baskets, bird houses, large mailboxes, small apple crates, little wagons, boats, and even boots are among the many ideas used with extraordinary success by designers and greeted with great enthusiasm by buyers.

Transport Boxes

- **Designers must deliver their trees to the staging area in boxes.** Name of tree and name of designer **must** be on every tree box.
- If the tree will be secured into a base, and the box you were given does not work, it is best to find a box at least half as tall as the tree. If a box half as tall as the tree is used for transport, it is advisable to cut two handles on either side of the box.
- If the tree is accompanied by any premiums, please provide a photograph showing exactly how the tree and premiums should be displayed.

It is very important to track what you spend and to retain your receipts; they will be submitted with your Expense/Reimbursement Worksheet. Even if all or part of your supplies are donated, completion of the Worksheet is necessary as it sets the retail value of each mini tree. The price of the mini-tree is based on what you have spent and/or donated, along with the cost of the mini-tree and lights which have been

provided by Festival of Trees. Generally, the auction bid sheets will start at 50% market value with a guaranteed bid price at 350% value. **If you choose**, you will be reimbursed for your expenses according to the receipts you submit and up to \$50. You will also be asked to complete a FOT Donation form to account for any amount spent over the allotted reimbursement. Submit that form along with the Expense / Reimbursement form to your chairperson by **November 1, 2024**.

WREATH INFORMATION

Just like the trees, there is no magic color scheme or type of wreath to bring in a high return for the Festival.

Wreaths can be made available soon after you turn in your Designer Commitment Form letting your chairperson know the size(s) of the wreath you will be designing. Typically, they are distributed mid-summer once the designer meetings have started.

Decorations

- For visual interest, use both large and small-scale ornaments; non-traditional decorations that fit your theme can add dimension and character.
- Include dynamic decorative stems, when possible, for additional wow-factorability.
- Consider trailing ribbons and fancy bows for aesthetic texture and glitz.
- Of note: densely decorated wreaths seem to generate more interest than those sparser.

Securing Decorations to the Wreath

- All decorations (including lights) must be secured to the wreath. Needle nose pliers with side cuts can help make it easier and faster to wire efficiently. **Easier on hands are Chenille stems (pipe cleaners) instead of wire.**
- When gluing all ornament hanger attachments, it is not enough to glue the collar alone. Put a dab of glue on the wire loop itself to keep the ornament from pulling away from the hanger.
- A 4" wire is ample to tie the average ornament to a branch using 2 tight twists. As with the lights, we recommend OASIS Bind-wire, available at Washington Floral.

Transporting

- **Designers must deliver their wreaths to the staging area in bags.** Name of wreath and name of designer **must** be on every bag.
- If the wreath is accompanied by any premiums, or special items, please provide a photograph showing exactly how the wreath and premiums should be displayed.

It is very important to track what you spend and to retain your receipts; they will be submitted with your Expense/Reimbursement Worksheet. Even if all or part of your supplies are donated, completion of the Worksheet is necessary as it sets the retail value of each wreath. The price of the wreaths is based on what you have spent and/or donated, along with the cost of the wreath and lights which have been provided by Festival of Trees. Generally, the auction bid sheets will start at 50% market value with a guaranteed bid price at 50% value. **If you choose**, you will be reimbursed for your expenses according to the receipts you submit and up to \$50. You will also be asked to complete a FOT Donation form to account for any amount spent over the allotted reimbursement. Submit that form along with the Expense / Reimbursement form to your chairperson by **November 1, 2024**.

ACCOUNTING FOR YOUR VOLUNTEER TIME

Accounting for your Volunteer Time

Please track the number of hours donated to create your mini tree and/or wreath. Please make sure to complete this request on the bottom of the Expense/Reimbursement Worksheet. Not only is it required but it helps demonstrate community commitment for Mary Bridge and benefits our organization when requesting grants. Mini-Tree and wreath designers report their hours when they turn in their trees and their Expense/Reimbursement Worksheet.

SHOPPING RESOURCES

- The following companies will allow our Festival designers to shop at their businesses at discounted prices.
- You may **not** charge purchases to Festival of Trees or Mary Bridge Children's Hospital.

Vendor	Hours	Notes
Howell's Home & Floral Wholesale/Retail 6030 NE 112 & Holman (I-205 & NE Airport Way) Portland, OR (503) 255-2001 www.howellsonline.com	Open 7 days <u>Mon-Fri</u> 9:00am- 5:00pm <u>Sat</u> 10:00am – 5:00pm <u>Sun</u> 12:00pm– 4:00pm	Contact: Dave Howell They offer 35% discount for purchases of \$50 or more.
Washington Floral Services Wholesale 2701 South 35 th Street Tacoma, WA (253) 472-8343	<u>Mon-Fri</u> 7am -3pm	Designers may shop wholesale anytime upon by giving them your name or your teams lead designer's name. Items have limited return options.
Camden Gardens 6535 5 th Place Ste B Seattle, WA 98101 (206) 218-4836	By appointment <u>Mon-Sat</u> 9:00am- 3:00pm	Contact Tim (tim@camdengardens.net). They are the distributor for major department stores in Seattle and offer out of season items at discount prices.

FORMS AND REPORTS

All forms are available on the web page, www.marybridge.org/fot and may be filled in electronically, scanned and emailed your chairperson.

Mini-Tree/Wreath Designer Commitment Form – Due when you decide to be a mini-tree and/or wreath designer by August 1. This is your commitment to design a mini-tree and/or wreath for Festival. When you sign this, you agree to design and decorate a mini-tree and/or wreath to comply with the Festival of Trees rules and deadlines. Please ensure you can meet all obligations. Also, please inform the festival if any of your information changes.

Mini-Tree and Wreath Expense Worksheet – Due by November 1, 2024

- Mini-Tree and Wreath Designers may be reimbursed for expenses up to a limit that is determined by the type and size of item designed. Designers may be reimbursed for expenses of tangible items used for decorations and gifts for the wreath or mini-tree, and the sales tax associated with those items. Time, labor, transportation, and telephone expenses are not reimbursable designer expenses.
- Submit your completed worksheet along with all receipts for reimbursement. Once verified by your chairperson(s), they will be submitted to the Festival Manager for approval and forward to MultiCare Accounts Payable who will issue the reimbursement check. As the Accounts Payables department only, issues check on a weekly basis, there may be a delay of up to two-three weeks, depending on what day of the week your completed paperwork is submitted.
- Completion Clarification:
 - Receipt # - if you have multiple receipts, please number / color code your receipts so that they match the item descriptions or stack them in order to assist with verification.
 - Item Description – something close to what the receipt says
 - \$ Paid (w/o tax) – to match the amount on your receipt.
 - \$ Saved - if you purchased an item for \$5 that was 50% off, put \$5 in the "Paid" column and \$5 in the "Saved" column.
 - \$ Donated – if you are donating the decorations, you will use this column instead of the \$ Paid column. You also need to attach a FOT Donation form so you can use that amount on your income tax return, if desired. You will get a letter in the mail from Mary Bridge Children's Hospital Foundation thanking you for your donation.

Donation Forms – Due as they are received but no later than November 1 for catalog inclusion – please don't hold them!

All donations to your tree, mini-tree or wreath in the form of cash, decorations, gifts, services and discounts on purchased items must be recorded on FOT donation forms and processed through the Festival office. Donation forms turned in by November 1 will be listed in the Festival Thanks portion of all Festival catalogs and Tabloid. Please meet that deadline so YOUR donors are recognized!

- Carry forms with you at all times. (You never know when a procurement opportunity will arise!)
- BEFORE you give the donation form to a donor, be sure to fill in the top section of the donation form, indicating that the donation is for a Mini-Tree, Wreath or Tree and provide the name of your lead designer in the space provided. Festival has multiple events and many designers. Help us track your items by correctly filling out the donation form.
- Completely fill out forms the moment you get a commitment. Pay attention to accurate restrictions and expiration dates on gift cards. Be sure to also convey this information on Catalog Description form.
- Occasionally a donor will make a partial donation (i.e., they will discount an item that you purchase). In those cases, please include the retail value of the item(s) but also include a note indicating the amount that was a donation verses the amount that was paid. That will allow the Festival office to accurately credit the donation.
- If the donor has given you an item(s) or cash and you opt to retain it in your possession, please complete the bottom line in the "Delivery Information" section, indicating that you have retained the cash.
- Designers who opt to purchase items without reimbursement should also complete a donation form, listing themselves as the donor. Take credit for your additional gift!
- Forms will be promptly processed, and letters of acknowledgement will be sent to the donors. Thank you cards with the current Festival theme are also available for designers to send more personal notes of thanks.
- Additional donation forms are available from the Festival office or on the website.

- According to the IRS, “a charitable deduction cannot be claimed for the ‘donation’ of personal services or time.” However, we would like to acknowledge all our generous donors with a thank-you letter and a catalog listing!

MONEY MATTERS

Designer Funding Policy

Mini-Tree and Wreath expenses are funded by sponsors but not on an individual basis. Designers are reimbursed up to the maximum amount of \$50.

Tax Deductions for Volunteers

Tax law changes frequently. Be sure to consult your tax advisor regarding the deductibility of any expenses. The following information is provided for general reference and cannot be considered “tax advice” from a qualified professional.

- May deduct non-reimbursed out-of-pocket expenses directly related to their volunteer service.
- May not deduct the value of their volunteer time or services.
- Volunteer service and charitable donations must be contributions to a “qualifying organization.” Mary Bridge Children’s Foundation meets this requirement.

DONATION PROCESSING

To make sure that your donors get the credit they deserve, all Festival donations including cash, auction items, tree decorations, donated labor, and discounts on purchased items must be recorded on donation forms and processed through the Festival office.

- Carry forms with you. Forms are available [online](#) and in the Festival office.
- We will process your forms and mail the donor a letter acknowledging their gift. They may be able to take a tax deduction.
- Check the “Ask First” list for donors who should **not** be solicited without first checking with the Event Manager. Most of these donors have already made, or are expected to make, significant sponsorship or other commitments to Festival of Trees and/or other MultiCare events.
- Fill out forms immediately after a commitment. Don’t wait.
- Submit donation forms to the Foundation office as soon as possible so the donation is recorded, and the donor is thanked in a timely manner.
- FOT forms must be turned in by **November 1** for donors who give at least \$100 to be recognized in Festival’s printed materials.
- Pat yourself on the back and say, “I did it!”

Return to step one. Donations can happen repeatedly—sometimes on the same day, sometimes with the same person, sometimes with lots of people!

ASK FIRST

Event and Tree Sponsors

Below is a list of the MultiCare Sponsors/Major Supporters. Festival volunteers, including designers, **must not** solicit from any of these businesses or individuals without calling the Festival office first. We have, or are currently in the process of, negotiating these sponsorships for the 2024 year and your contact could threaten these negotiations. On your next visit to any of these businesses, please be sure to thank them for their support of the Festival of Trees, Mary Bridge and/or other MultiCare Foundations that they may be supporting.
